

# KEVIN VOGNAR

Berkeley, CA | 510-684-4708 | [www.kevinvognar.com](http://www.kevinvognar.com) | [kvognar@gmail.com](mailto:kvognar@gmail.com)

I am a programmer, writer, and photographer, fond of learning about everything and creating things that will help others learn or create.

## EMPLOYMENT HISTORY

### **Software Engineer**, Workday

December 2014 — Present

*San Francisco, CA*

- Worked on a small team building several web apps in both Rails and Scala. Contributed to design and implementation of all parts of the projects: server logic, JavaScript, HTML, CSS, specs with consistent 100% code coverage.

### **Research Assistant**, Affective Cognitive Neuroscience Lab, UC Berkeley

December 2012 — July 2014

*Berkeley, CA*

- Wrote scripts and built tools in Python to produce research stimuli, process and visualize data, and interact with Amazon's Mechanical Turk API.
- Used specialized tools to process fMRI data, and trained others in their use.

## RELEVANT SKILLS

- Ruby, Rails, JavaScript, jQuery, Backbone.js, Python, Scala, Haxe, SQL, Git, HTML5, CSS, Bootstrap

## EDUCATION

### **App Academy**

August 2014 — October 2014

*San Francisco, CA*

- Completed intensive web development bootcamp with a < 5% acceptance rate

### **UC Santa Cruz**

September 2009 — June 2012

*Santa Cruz, CA*

- Bachelor's of Science in Neuroscience with a GPA of 3.6.

### **San Francisco State University**

September 2007 — June 2009

*San Francisco, CA*

- Majored in Creative Writing.
- Transferred to UC Santa Cruz to pursue more rigorous studies as a Neuroscience major.
